

Young AMASC Meet and Greet Database Application Form

We are compiling a world-wide list of Young AMASC people who are willing to offer hospitality to former students of Sacred Heart schools from all over the world.

'Hospitality' can mean any or all of the following:

- Answering their questions about your country prior to their visit
- Giving advice
- Being a point of contact for them in case of emergency
- Meeting them at the airport on their first day
- Showing them your town
- Offering a few days accommodation, or longer
- Meeting up for coffee
- Being a friendly voice on the end of the phone

Being on this list does not obligate you to do anything you are not willing to do. You would be contacted in advance and you reserve the right that your contact details are not being passed on. It is up to you to agree with the other person what, if any, help you're willing to offer them.

If you are happy to be contacted by someone who wants to visit your country or town, please fill out the details below, and return this form to:
